

Vibrational Assignments of Oxaloacetate: Found vibrational spectra and structure of oxaloacetic acid Schiering, David (1986) and other journals on dimethyl oxaloacetate or 4-methyl oxaloacetate.

Raman Spectra of Oxaloacetic Acid: Spectra base.com found ^{transmission} IR spectrum from John Wiley and Sons using KBr wafer technique. Not scholarly article FT Raman from Spectra base as well

Infrared Spectra oxaloacetate: Evidence from Fourier transform IR for polarization of carbonyl of oxaloacetate in citrate synthase. Kuz (1987)

Enzymatic Formation of oxalate and Acetate from oxaloacetate? Hayaishi (1956)

Calculations on substrates of Citrate Synthase I. Oxaloacetate. Mulholland (1996)

Conformers of oxalate: Crystal structure analysis and molecular model of a complex citrate synthase with oxaloacetate and S-acetyl-Coenzyme A Wiegand (1989)

Vibrational assignments of Malate: vibrational spectra American Hydrogen malate 1996

Vibrational Analysis of Hydrogen Malate using scaled ab initio force constants 1985

Thermal and Infrared studies of calcium malate crystals grown in diffusion limited medium (2005)

* Vibrational Spectra of Racemic/Enantiomeric malic Acids 2002

* Raman spectra of Malate: Raman/Infrared spectra of Lithium Hydrogen Malate Li^+H (1996)

Raman Spectroscopic Studies of NAD Coenzymes Bound to Malate Dehydrogenase by Difference Techniques (1991)
